Radius®
VL50™

In today's competitive environment, maximizing productivity is critical to being successful. That's why employees must be connected easily and affordably!

To provide businesses with that competitive edge, Motorola has developed an easy-to-use, affordable wireless solution – Value Line Business two-way radios. Helping businesses offer superior customer service, the VL allows employees to react quickly to requests and have instant access to one another. VL two-way radios and headsets are designed with business productivity in mind – providing functionality at the push of a button:

Safe and Secure

Enhance your team's coordination and response time when a disturbance, accident or emergency occurs.

Built for Business Use

Built to withstand everyday wear and tear featuring 56 business exclusive frequencies.

Simple

Easy for staff to use, 1-to-1 or group communication at the touch of a button, great for high employee turnover industries.

CCS Station

(Cloning, Charging, Storage)

Keep radios centrally located and charged!

Smart

Increase customer service and satisfaction.

Cost Effective

Helps maximize job shift productivity and reduce operational costs. No monthly fees or service contracts.

Long Lasting Battery Life

Rechargeable Lithium Ion battery provides up to 12 hours of battery life, more than enough for a standard work shift.

Drop-in Charging

Keeps VL50™ radios centrally located and charged.

Keypad Lock

Helps prevent accidental changes to settings — limiting unnecessary downtime.

Call Tones/ VibraCall® Alert*

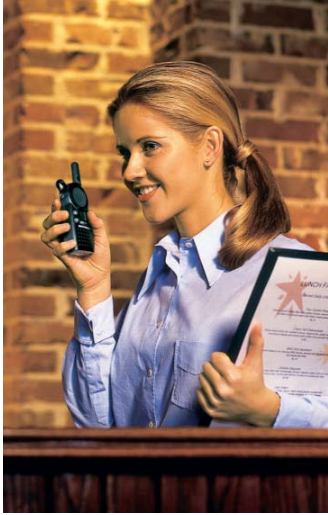

7 selectable call tones help alert the user of an incoming transmission.

*The VibraCall® Alert feature alerts the user with a vibration.

Cloning Capable

Quickly copy the settings from radio to radio with the use of the optional CCS Station (Cloning, Charging, Storage) accessory.

Restaurant

Your customer's dining experience can go beyond their expectations when employees have instant access to one another. Your hosts can keep waiting time to a minimum by knowing when a table is cleared and ready. The kitchen can instantly connect with the wait staff when an order is up.

Management can immediately respond to any customer complaints or requests.

Great for:

Supervisors
Cashiers
Bartenders
Hostess/Hostesses
Wait Staff
Bus Boys
Valet Parking
Kitchen Staff
Stock/Inventory Clerks

Event Coordination

You can keep in touch with the setup crew while discussing luncheon arrangements with the caterer, keeping your productivity high. The entertainment or speakers can be cued from the greenroom for faultless timeliness. Plus, audio visual support staff can be summoned on a moment's notice for setup and tear down or that replacement bulb that keeps presentations flowing.

Ideal for:

Event Coordinator
Hostess
Managers
Caterers
Security
Bus Staff
Entertainment
Guest speakers
AV Support

Retail

You automatically raise the level of customer service by enabling your employees to communicate instantly at the touch of a button. Your cashiers have the ability to get a price check on any item at a moments notice.

Your managers have a constant eye on the flow and restocking of inventory. Security can be alert and

ready for any potential in-store problems.

Ideal for:

Cashiers
Customer Service
Managers
Salespeople
Supervisors
Floor Clerks

Customize Your Radio with Accessories

The VL Series™ Business two-way radios can help you do even more with the help of additional audio accessories, power devices, and carrying solutions. Enhance your VL radios to meet your specific needs.
