			74	3605429G07	Knob			
				3605577C01	or Knob, Rotary Switch			

Cancelled Product MX300-S: Aftermarket support criteria has been met for spare parts. Items may no longer be available.

MX300-S Series

Portable Accessories

Chargers

Single Unit Chargers

Single unit chargers are ideal for desktop use, and are capable of charging a battery on or off the radio. When the battery is fully charged, the charger automatically resets to a trickle charge rate. To obtain rapid charge rate batteries must be charged in the unit. Visual indication is provided in the rapid charger when the battery is fully charged.

NLN8858A Single Unit,
1 Hour, Rapid Charger,
117 Volts

***NLN4038A** Single Unit,
1 Hour, Rapid Charger,
220 Volts

***NLN4036A** Single Unit,
14 Hour, Standard Charger,
220 Volts

NLN8858A

Battery Maintenance System^{plus} (BMS^{plus})

Using interchangeable battery adapters (sold separately), the BMS^{plus} is capable of charging and discharging, analyzing, conditioning and cycle test on batteries; tracking battery voltage and capacity (mAh).

The BMS^{plus} offers a 3 year warranty. Its easy-to-use design supports hundreds of 2-way, cellular, and camcorder batteries with printer port** (Serial-RS-232C port – uses female 9-pin to male 25-pin cable).

WPLN4079BR

WPLN4079BR Six-Station, 110V AC, 50/60 Hz

WPLN4080BR Six-Station, 230V AC, 50/60 Hz

NDN4005B Three-Station, 110V AC, 50/60 Hz

NDN4006B Three-Station, 230V AC, 50/60 Hz

BMS^{plus} Adapter

TDN9445A Standard Adapter, MX300

Optional Adapters

†**TDN9432A** Adapter, Universal Alligator Clip Lead

†**TDN9527A** Adapter, Universal Dip Switch

*Unit is supplied without line cord plug.

**Compatible with the STAR Micronics SP200 series printers, available from any STAR Micronics distributor, and other printers with STAR emulation.

†Universal adapters available as an option to accommodate all radio types.

MX300-S Series

Portable Accessories

Battery Optimizing System II (BOS II)

WPLN4124AR

No other battery analyzer matches the speed, accuracy, and versatility of the Battery Optimizing System II. Ideal for large fleet, public safety, and all other users who rely on their battery performance. Now with increased power, more sophisticated programming options, and easier to use navigation paths, optimizing your batteries was never easier. Key features include:

- Support for NiCd, NiMH, Li-ion, and SLA batteries
- 100 watt power supply and programmable from 100 mA to 4 amps per station
- Interchangeable adapters accommodate all major brands
- Includes a variety of user programs and allows for customizable programming
- Proprietary recondition cycle restores NiCd and NiMH batteries
- Increased processing power and testing resolution – including a three minute Quicktest that measures the batteries State of Health (SoH)
- Printer output for reports and labels
- Three year warranty

WPLN4124AR BOS II, Four-Station, 100-240V AC (US line cord)

WPLN4125AR BOS II, Four-Station, 100-240V AC (UK/Euro line cords)

BOS II Adapters

RL-71181 Standard Adapter, MX300-S, 500-700 mAh

RL-71182 Standard Adapter, MX300-S, 1100-1400 mAh

RL-71183 Standard Adapter, MX300-S, 2000-2800 mAh

Optional Adapters

RL-70115 Adapter, Universal; services Li-ion

RL-70110 Adapter, Universal; service NiCd and NiMH

Audio Accessories

UHF Surveillance Accessories

NMN6092A UHF Surveillance Accessory

NMN6092A

Remote Speaker/Microphones

Remote speaker/microphone allows user to talk and listen without removing radio from belt or carrying case. Ideal in high noise level areas. Straight and coil cord remote units have back clip for attachment to upper garment. Wired earpiece available for all models.

Portable Accessories

Carrying Accessories

Carrying Cases

Standard black leather carrying cases with snap-on/off perforated full covers provide protection, yet permit clear audio. T-strap covers permit easy access to all controls. The over-the-shoulder adjustable sturdy black nylon carrying strap snaps onto the belt loop case and provides a convenient way to wear a radio. Swivel carrying cases attach to belt loop attachment by inverting radio. Radio swings freely on belt loop attachment, adjusting to body movements.

1505333D03 Standard Carrying Case for Light and Medium Capacity Battery, with 2-1/2" Belt Loop, MX320, MX330

1505333D03

1505333D04 Standard Carrying Case Med-High Capacity Battery, with 2-1/2" Belt Loop, MX320, MX330, MX340
